

Katrin Hand Towel XL Dispenser

89727

- Katrin folded hand towel dispenser XL with its high capacity was specially developed for high-traffic washrooms.
- Designed as a flexible and long-lasting dispenser solution, it is suitable for all Katrin folded hand towels and is part of our 'Freedom of Choice' concept.
- Controlled consumption and hygienic dispensing through sheet-by-sheet dispensing.
- Easy adaptation to different sheet widths thanks to several setting options.
- Adjustable side bars inside the dispenser ensure that the paper bundles are safely placed, making filling easier.
- For easy handling, the front cover can be opened upwards and can be locked in two positions for easy refilling.
- Locks on both sides for more flexibility in installation and opening; keyless opening function also possible.
- Easy installation thanks to transparent back panel.
- Transparent sides for easy control of the fill level for timely refilling.
- Available in white and black.
- Efficient drying of up to 800 pairs of hands.*
- 50% less refilling time, more time for cleaning.**
- 100% more dried pairs of hands.**
- Main raw materials of the main plastic parts and the lock: ABS (acrylonitrile butadiene styrene), PC (polycarbonate), POM (polyoxymethylene).
- Katrin Inclusive dispensers are high temperature resistant and comply with UL94 fire protection regulations (EU).
- *when using Katrin Plus Hand Towels Zig Zag 2-ply (code 85040)
- **compared to Katrin Hand Towel Dispenser M
